Cell 540-937-0029

Buyers unable to attend may phone in bids to the above representatives or LiveAuctions.TV.

**Owner David Caldwell and Manager Tommy Clark**

*Dear Cattle Producers,*

*Welcome to our 28th Mystic Hill Bull and Female Sale on Saturday, November 5th at 11:00 a.m. We appreciate your past support and continued interest in our program. We continue to work to meet your needs and address the issues that we all face as beef cattle producers.*

*The cattle market continues to gain strength and prices over the last several months have been at all time record highs! More importantly all indications project an extremely strong market well into the future as the global demand for beef and other meats increases and supply is tight. Once unheard of, the "\$1000" feeder calf is becoming a reality, the futures markets indicate (750 lb.) feeders well above \$1.40 as far forward as they will forecast.*

*This group of bulls represents our continued efforts to produce the type and kind of cattle that contribute to the bottom line over the long run. Many of the genetics involved are a result of our in herd selection process which continues to pay dividends. To our knowledge, any bulls at risk of carrying any known genetic defects have been DNA tested and are free of defects.*

*These bulls were developed on a "least cost" high roughage low energy corn silage based ration. As a result of a tough winter, an extremely hot summer and high feed cost they encountered a more challenging test period. We collected yearling and test data in late August and turned them out on pasture. With this fall's cooler temperatures the bulls have done very well since that time. You will find complete performance information including ultrasound data.*

*All of the bulls are guaranteed through "Boehringer's Range Ready" and have recently passed a breeding soundness evaluation including a semen test. They come to you ready to work, "just add them to cows".*

*The sale will be accessible by conference call by calling 540-825-7360 at least one hour before sale time to obtain dial in information and buyer number to bid by phone. If we can be of assistance in helping with a purchase of females or bulls please do not hesitate to contact us at any time.*

*In addition to the Angus bulls, we will be selling a few Braunvieh, and BraunAngus bulls to provide you the opportunity to benefit from heterosis in your cow herd.*

*Approximately 100 purebred and commercial females from Mystic Hill, Lazy Lane and C. R. Tanner Sons will sell following the bulls, including open heifers, bred heifers, bred cows, and cow calf pairs. Once again these will be a highly selected set of cows in the prime of their productive life, many with calves at their side. The cows as well as the bulls have been selected and handled to have good dispositions.*

*Contact us the week of the sale for a complete breakdown on females. If we can be of further assistance, don't hesitate to call us.*

*We hope to see you all at the sale.*

*Tommy Clark*

 visit [rangeready.com](http://rangeready.com) or contact  
 Kitty Reed (814)571-0073

# BRAUNVIEH BULLS

## Braunvieh EPD's

- Due to the recent reformulation of the Braunvieh EPD data we will not be printing EPD's on these bulls. The new numbers do not express their differences clearly. To avoid confusion, we will not use the new numbers since there is no valid across breed comparison available.
- Keep in mind that Braunvieh being a European breed carries a little more birth weight on average and will add muscle and maternal as well as hybrid vigor when used in cross breeding.
